

Project Learning Tree PreK-8 Educator Workshop

With the Piscataquis County Soil & Water District
At Williamsburg Demonstration Forest and Milo

“Those who dwell among the beauties and mysteries of the earth are never alone or weary of life.” Rachel Carson

PROJECT LEARNING TREE provides a complete environmental education program that integrates all areas of the curriculum

WHEN: Friday, October 10, 2008 from 8:30 a.m. to 3:00 p.m.

WHERE: Milo Town Hall, 6 Pleasant Street, Downtown Milo

WHO: Classroom teachers, community leaders, homeschoolers and youth group leaders, i.e. 4-H, Scouts and others.

COST: \$25.00/person
Includes the PLT preK-8 guide plus a variety of resources.

Dress for outdoor activities! The workshop will focus on the 180-acre Williamsburg Demonstration Forest with miles of learning trails and a new Outdoor Classroom. We'll have tree id and measurement activities plus activities that connect history with the current forested landscape - all of which you can apply to a forest in your town. Activities support community awareness, stewardship and collaborative learning.

Explore the 2008 Project Learning Tree Pre-K-8 Activity Guide. Discover how best to use the curriculum with your students to enrich their understanding of the environment - with links to the new Maine Learning Results. Lots of Children's Literature and Technology connections.

Space is limited so register today! CALL FOR DETAILS AND REGISTER before October 6, 2008:
